If your mortgage is made before 22 May 1996, then Perpetual Limited ("Perpetual") offers to amend your mortgage to include the clause set out below. If your loan contract is made before 1 March 1997, then Perpetual hereby unilaterally amends your contract to include the clause set out below, and this form constitutes notice of that amendment for the purposes of Section 63(2) of the Consumer Credit Code. This Redraw Request Form is part of your mortgage/loan contract with Perpetual. You should keep a copy for future reference.

"In this clause:

"Principal Balance" means, on any day, the amount of principal unpaid under this mortgage/loan contract.

"Schedule Principal Balance" means, on any day, the amount which would have been the Principal Balance on that day (determined by Perpetual) on the assumption that:

- (a) you had paid each repayment under this mortgage/loan contract and all other amounts payable by you under this mortgage/loan contract, on their respective due dates; and
- (b) you had not repaid any part of the principal early.

Perpetual may, in its discretion, adjust the Scheduled Principal Balance if any of the assumptions set out above so not apply during the term of your mortgage/loan contract.

You may request Perpetual in writing to re-lend to you on any day during the term of this mortgage/loan contract an amount up to but not exceeding the difference between the Scheduled Principal Balance and the Principal Balance. Perpetual will make each redraw which you request subject to the terms of this clause. The amount redrawn will be debited to your loan account. You may not request a redraw while you are on a fixed interest rate, or whilst your loan is a "split loan" or a "construction loan". The minimum amount of a redraw which you may request is the amount Perpetual may determine from time to time.

Perpetual may, at its discretion, refuse to make a redraw advance if:

- (a) you are in default under this mortgage/loan contract or if you have been in default under this mortgage/loan contract at any time during the 12 months prior to you making the redraw request; or
- (b) Perpetual is not satisfied that it will be entitled to the same priority in connection with the redraw as it is entitled to in connection with the principal sum outstanding immediately prior to the redraw being made; or
- (c) the assets of the trust in respect of which Perpetual enters into this mortgage/loan contract which are available for redraws are not sufficient to enable the redraw to be made. (You acknowledge that if those assets are not available, Perpetual will have no means of making the redraw)."
